

American Institute of Biological Sciences

Dedicated to the advancement of the biological sciences and their applications to human welfare and to fostering and encouraging research and education in the biological sciences, including medical, environmental, and agricultural sciences.

2002 Officers and Board of Directors

President

Gene E. Likens
Institute of Ecosystem Studies

President-Elect

Gary Hartshorn
Organization for Tropical Studies

Immediate Past-President

Judith Weis
Rutgers University

Secretary

Dan Johnson (2002–2004)
AAFC Research Centre

Treasurer

H. Jane Brockman (2001–2003)
University of Florida

Board Members

Patricia Gensel (2001–2003)
University of North Carolina

Kent Holsinger (2002–2003)
University of Connecticut

Mary A. McKenna (2002–2004)
Howard University

Richard Norgaard (2001–2003)
University of California–Berkeley

Gordon Uno (2002–2004)
University of Oklahoma

David Pimentel (2002–2004)
Cornell University

Barbara Shaal (2002–2004)
Washington University

Marvalee H. Wake (2000–2002)
University of California–Berkeley

Richard T. O'Grady (ex-officio)
AIBS Executive Director

AIBS Council Members-at-Large

Valerie Chase
National Aquarium
Baltimore

Christopher Haufler
University of Kansas

Marc Mangel
University of California
Santa Cruz

J. Michael Scott
University of Idaho

Member Society and Organization Council Representatives

American Arachnological Society
Brent D. Opell
Virginia Polytechnic Institute and State University

American Association of Botanical Gardens and Arboreta
Nancy Morin
AABGA

American Bryological and Lichenological Society
Paula DePriest
NMNH

American College of Toxicology
David Hobson
Health Point Ltd. & DPT Labs Inc.

American Fern Society
Judith Skog
George Mason University

American Fisheries Society
Charles R. Berry, Jr.
South Dakota State University

American Museum of Natural History
Michael Novacek
AMNH

American Ornithologists' Union
Helen James
NMNH

American Phytopathological Society
Gary Bergstrom
Cornell University

American Society for Gravitational and Space Biology
Tom Scott
University of North Carolina

American Society for Photobiology
J. Woodland Hastings
Harvard University

American Society of Agronomy
John J. Nicholaides
ASA

American Society of Ichthyologists and Herpetologists
Alan H. Savitzky
Old Dominion University

American Society of Limnology and Oceanography
William Lewis, Jr.
University of Colorado

American Society of Mammalogists
Alicia Linzey
Indiana University of Pennsylvania

American Society of Naturalists
Sara Via
University of Maryland

American Society of Parasitologists
Harry Danforth
USDA

American Society of Plant Biologists
James Anderson
USDA

American Society of Plant Taxonomists
Laurence Dorr
NMNH

American Type Culture Collection
Raymond Cypess
ATCC

Animal Behavior Society
Meredith West
Indiana University

Association for Tropical Biology
Larry Rockwood
George Mason University

Association of College and University Biology Educators
Presley Martin
Hamline University

Association of Ecosystem Research Centers
Amy Ward
University of Alabama

Association of Southeastern Biologists
Geraldine Twitty
Howard University

Biological Sciences Curriculum Study
David Hanych
BSCS

BioQUEST Curriculum Consortium
Ethel Stanley
Beloit College

BIOSIS
Joel Hammond
BIOSIS

Botanical Society of America
Patricia Gensel
University of North Carolina

Cell Stress Society International
Len Neckers
National Cancer Institute

Cooper Ornithological Society
J. Michael Scott
University of Idaho

Council of Science Editors
Barbara Meyers
Meyers Consulting Services

Crop Science Society of America
John J. Nicholaides
CSSA

Ecological Society of America
Mary McKenna
Howard University

Entomological Society of America
Marjorie Hoy
University of Florida

Entomological Society of Canada
Dan Johnson
Agriculture and Agri-Food Canada

Estuarine Research Federation
Dennis Allen
University of South Carolina

Freshwater Mollusk Conservation Society
Kari Duncan
US Fish and Wildlife Service

The Helminthological Society of Washington
Dennis J. Richardson
Quinnipiac University

Herpetologists' League
Joe Mitchell
University of Richmond

Human Anatomy & Physiology Society
Christine Martin
University of Maryland

International Association for Landscape Ecology, US Region
Steven Seagle
University of Maryland

International Society for Ecological Economics
Richard Norgaard
University of California – Berkeley

International Society for Ecological Modelling
Edward Rykiel, Jr.
Washington State University

International Society for Ecosystem Health
Robert Costanza
University of Maryland

Mycological Society of America
Clark L. Övrebo
University of Central Oklahoma

National Association of Biology Teachers
Gordon Uno
University of Oklahoma

National Association of Marine Laboratories
Lavern Weber
Oregon State University

National Museum of Natural History
Laurence Dorr
NMNH

Natural Science Collections Alliance
Brian Boom
All Species Foundation

The Nature Conservancy
Deborah Jensen
TNC

New York Botanical Garden
Michael J. Balick
New York Botanical Garden

North American Benthological Society
Leonard Smock
Virginia Commonwealth University

North American Lake Management Society
Jean Jacoby
Seattle University

Organization for Tropical Studies
Gary Hartshorn
OTS

Organization of Biological Field Stations
Hilary Swain
Archbold Biological Station

Phi Sigma Biological Sciences Honor Society
Henry Owen
Eastern Illinois University

Phycological Society of America
Charles Yarish
University of Connecticut

Poultry Science Association
D.M. Denbow
Virginia Polytechnic Institute and State University

Radiation Research Society
Sara Rockwell
Yale University School of Medicine

Royal Swedish Academy of Sciences
Erling Norrby
RSAS

Society for Conservation Biology
Hilary Swain
Archbold Biological Station

Society for Ecological Restoration
Steven Handel
Rutgers University

Society for Economic Botany
Janis Alcorn
Society for Economic Botany

Society for In Vitro Biology
Marietta Ellis
SIVB

Society for Industrial Microbiology
Carol Litchfield
George Mason University

Society for Integrative and Comparative Biology
Marvalee Wake
University of California–Berkeley

Society for Mathematical Biology
Torcom Chorbajian
SMB

Society for Sedimentary Geology
Howard E. Harper
SEPM

Society for the Study of Amphibians and Reptiles
John Matter
Juniata College

Society for the Study of Evolution
Kent Holsinger
University of Connecticut

Society of Environmental Toxicology and Chemistry
Jeffery A. Foran
Citizens for a Better Environment

Society of Nematologists
Susan Meyer
USDA

Society of Protozoologists
Edna Kaneshiro
University of Cincinnati

Society of Systematic Biologists
Elizabeth Zimmer
NMNH

Society of Toxicology
Bruce Fowler
University of Maryland

Society of Wetland Scientists
Janet Keough
USGS Patuxent Wildlife Research Center

Soil Science Society of America
John J. Nicholaides
SSSA

Southern Appalachian Botanical Society
Charles Horn
Newberry College

Torrey Botanical Society
Steven Handel
Rutgers University

US Federation for Culture Collections
Gina Koenig
Roche Molecular Systems, Inc.

Weed Science Society of America
Rob Hedberg
National & Regional Weed Science Societies

Western Society of Naturalists
Carol Blanchette
University of California – Santa Barbara
